Intro

OUR SERVICES

- Road transportation - international, intra-European
- Sea containers transportation
- Rail transportation (containers, railcars, open-top railcars)
- Transportation of oversized and project cargoes
- Air transportation
- Consolidated cargoes and warehouse handling
- Customs and transit clearance

Services

ROAD TRANSPORTATION

International road transportation is a key focus of our operations. We handle all types of general and consolidated cargo, including temperature-controlled, hazardous, heavy, and oversized goods, throughout Eastern and Western Europe, Scandinavia, and the CIS countries.

Depending on the client's needs, we provide any type of transportation:

- EURO trucks (13.6 m) with tilt / hardsided (box) trailer
- MEGA trailers with a capacity of up to 100 cbm
- light-duty transport up to 7.5 tons
- reefers
- container chassis
- inloaders (for glass transportation)
- trailers with various load capacities and axle configurations

Services

AIR FREIGHT

We offer air transportation from Europe to all over the world, including CIS countries, North America and South-East Asia

Our services:

- Preparation of commercial and transport documents
- Preparation of customs and transit documents (EX, T1)
- Cargo insurance upon client's request
- Monitoring cargo movement from pickup to delivery to the final recipient
- Air transportation of special cargoes - temperature-sensitive, hazardous, high-value

Services

SEA CONTAINER TRANSPORTATION

Container transportation of any volume between countries of Europe, Latin and North America, South-East, South, Central Asia and the Middle East.

Our services:

- Import and export documentation at ports
- Transportation through key hubs in the EU (DE/NL/BE/PL/FR)
- Loading for export and door-to-door delivery for import
- SOC and COC options for cost optimization
- Online cargo tracking
- Customs warehouse in the port of Qingdao, China

Services

RAIL TRANSPORTATION

- Bulk rail transportation
- Container rail transportation
- Oversized and project cargoes rail transportation

Our services:

- Continuous monitoring from the moment of cargo transfer to the destination station
- Organization of re-forwarding at the borders of CIS countries
- Sealing of 40-foot containers
- Documentation preparation for letter of credit transactions

Services

OVERSIZED / PROJECT CARGOES

We realised a number of deliveries of oversized and extra-heavy cargo from Europe to Central Asia and CIS countries, utilizing all modes of transport - road, sea, river and rail. Additionally, we offer a full range of related services, including customs clearance, cargo insurance, intermediate storage and warehousing, as well as other support and consultation services.

We have built years of expertise in:

- technical documentation
- special permits
- route planning
- transportation security
- risk insurance

CONSOLIDATED CARGOES AND WAREHOUSE HANDLING

We frequently dispatch consolidated shipments from our customs warehouse in Fürstenwalde (Berlin). Our services include pick-up, intermediate storage, customs clearance, packaging, labeling, and more. Additionally, we can assist you in finding a supplier in Europe, negotiating delivery terms, processing payments for the goods, and handling all export documentation.

Our office in Fürstenwalde has extensive experience in managing and delivering groupage shipments. Our warehouse is fully equipped with all the necessary facilities to provide these services effectively:

- ramps for quick loading and unloading
- various types of loaders
- skilled personnel
- experience working with E-commerce companies
- bonded warehouse
- cross-docking facilities
- packaging and labeling services

Services

CUSTOMS AND TRANSIT CLEARANCE

Sovtransavto Deutschland GmbH ensures seamless customs processing for your export and import shipments:

- Processing of imports, exports, transit
- ATLAS - electronic customs procedure, customs processing of all types with release of goods into free circulation
- NCTS (New Computerized Transit-Systems) consignment notes T-1 / T-2
- AES (Automated Export System), electronic export declaration
- Carnet-TIR registration
- Own customs warehouse in Fürstenwalde
- Formalization of applications for compensation, discounts, additional penalties

Office hours:

Mon - Fri 07:00 -22:00

Saturday 07:00 -15:00

ENVIRONMENTAL CARE

Our company's philosophy is to integrate economic and ecological goals by aligning financial success with environmental sustainability:

- responsible management of limited natural resources
- careful selection of subcontractors based on environmental compatibility (e.g., euro-norm, round-trip capability)
- enhanced use of eco-friendly rail transport
- training and motivating our employees to contribute suggestions on environmental initiatives
